UNDER YOUR  
CONTROL

**cgPhone.**  
**Maximum Security.**

Encrypted Communication  
for Voice and Chat

# cgPhone Enterprise FITS PERFECT, IF YOU:

- ✓ Have to protect your company
- ✓ Do business, while traveling
- ✓ Talk about confidential topics on phone
- ✓ Want to protect your privacy
- ✓ Looking for an alternative to WhatsApp

## VOICE. TEXT. SIMPLY SECURE.

**+** **ENCRYPTED VOICE**  
High quality, crystal clear phone calls and conferencing, securely end-to-end encrypted.

**+** **ENCRYPTED CHAT**  
Instant text messaging, securely end-to-end encrypted.

**+** **WORKS GLOBAL**  
International secure calls to and from most countries. Maximum protection at zero telephone expenses (WiFi).

**+** **FLEXIBLE SCALABILITY**  
Start small – grow as you want. Flexible licensing, pay per user.

# YOUR PROTECTION BY cgPhone

Easy to use by minimalistic, frictionless design. Encrypted voice calls and chat enable true secure and protected mobile communication for anyone. Intuitive functions and user interface.

cgPhone is your professional corporate for secure communication.

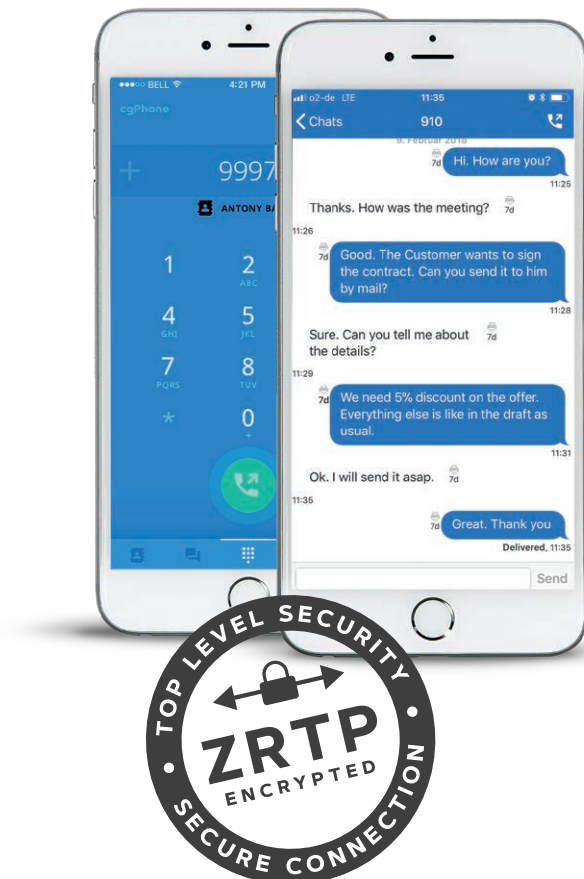

cgPhone uses a combination of reliable, globally proven and wiretapping-proof, ZRTP and SIP standards to encrypt your communication.

**The cgPhone Server will be installed in your data center. On premise server installation ensures your 100% sole control of server, data and communication.**

As an option, you may choose to connect the cgPhone Server to your corporate telephone system or public telephone network. This option enables you to call any colleague or business partner from anywhere.

The iOS app is available on Apple's official app stores. Minimized administration through very simple, one-time activation. Very flexible scalability by adding additional client licenses as you need.

If you are talking or chatting about confidential topics on phone, cgPhone is your secure communication solution for daily business.
